PROFILE

Quick learner software developer with hands-on experience in React and ExpressJS-based projects. Clear understanding of programming and web development life cycle; with a particular interest in using React to create high-performance interfaces. Highly motivated to keep learning and growing, eager for an opportunity to contribute to a team's success through hard work, attention to detail and excellent communication skills.

WORK EXPERIENCE

FRONTEND DEVELOPER

Sesame Labs Jun 2022 - Present

https://sesamelabs.xyz/

- Developed the company's MVP from the ground up using React and Redux
- Used Redux to store data globally and for easy retrieval of data to any component in the App
- Tested REST endpoints using POSTMAN
- Debugged application using Chrome and Firefox developer tools
- Produced visual elements of web application by translating UI/UX designs
- Used Media queries to make the application responsive when using Sass, Bootstrap and Tail wind for styling
- Followed Agile methodologies throughout development

FULL STACK WEB DEVELOPER

Kinderbday Nov 2021 - Feb 2022
- Created whole application from scratch
- React front-end
- ExpressJS and MySQL back-end
- Layout using React-bootstrap, and SASS
- Project management with Agile methodologies
